

what is CDARS?

CDARS® is the Certificate of Deposit Account Registry Service®.

And it's the easiest, most convenient way to enjoy access to FDIC insurance on large deposits.

Why is that?

One Bank

Everything is handled through our bank. Your large deposit is broken into smaller amounts and placed with other banks that are members of the

CDARS network. Then, those banks issue CDs in amounts under the standard FDIC insurance maximum, so that your investment is eligible for FDIC protection. By working with just one bank – our bank – you can receive insurance through many.

One Rate

You earn one rate on your entire investment – so you can forget about multiple rate negotiations and the need to consolidate multiple disbursement checks.

One Statement

You receive one regular account statement listing all of your CDs, along with their issuing banks, maturity dates, interest earned, and other details. With CDARS, there's no need to manually consolidate statements, track changing collateral values, or use private surety bonds.

It's that simple.

how does CDARS work?

When you're ready to take advantage of CDARS, here's what happens:

CDs are issued.

¹Consult with your account manager or one of our customer service representatives regarding rates.

²If you are subject to restrictions with respect to the placement of funds in depository institutions, it is your responsibility to determine whether the placement of your funds through CDARS satisfies those restrictions.

³Because deposited funds are exchanged on a dollar-for-dollar basis with other banks in the network, we can use the full amount of a deposit placed through CDARS for local lending, satisfying some depositors' local investment goals/mandates. Alternatively, with a depositor's consent, our bank may choose to receive fee income instead of deposits from other banks. Under these circumstances, deposited funds would not be available for local lending.

⁴Please consult with your auditor to determine how CDs should be reported.

Limits apply. Funds may be submitted for placement only after a depositor enters into a CDARS Deposit Placement Agreement with us. The agreement contains important information and conditions regarding the placement of funds by us.
